

RT Off-Road LED Headlight Set P/N: RT28105 Installation Instructions

Kit Contents

Qty. 2 – LED Headlights

Qty. 2 – LED CANBUS Modules

Qty. 2 – H4 to H13 Adapter Harnesses

1. These headlights feature halo rings with parking & turn signal with switchback functions. In order for these functions to operate separate wiring needs to be made. Included with the headlight harness is an H4 connector and a bare red and green wire.
 - Red Wire - Positive Daytime Running Light Wire
 - Green Wire - Positive Turn Signal Wire
2. Install the included LED CANBUS Modules in line with the headlight wiring if required.

Note: Required for 07/18 JK Wrangler
3. Install the included H4 to H13 Adapter Harnesses in line with the headlight wiring if required.

Note: Required for 07/18 JK Wrangler
4. Install the headlights into the buckets with the 3 tabs on the headlights engaged into the bucket.
5. After installing both headlights check the aiming of the new beam pattern and make any corrections needed. The beam pattern is different when compared to an OE headlight assembly.
